DID YOU KNOW?

The Highway 53 Bridge was built after iron mining interests required the highway to be moved. The 1,100-foot-long, 200-foot-high, multi-modal bridge was part of a \$240 million project completed by the Minnesota Department of Transportation in 2018.

NOTICE TO PET OWNERS

According to City Code, pets must be leashed at all times within city limits, and owners must pick up pet waste and have dog bags on hand.

Looking for a shorter walk? Start from East Chestnut Street for a 35-minute walk round trip.
